# **GIRARD**

#### L435-VB

Whether a woodworker or a machinist, turn-of-the-century tradesmen required bright, focused lighting. Girard displays the innovative spirit that created task lighting solutions for America's workshops. With its functional beauty, Girard makes a fine addition to a contemporary interior. A metal shade directs light towards the task area and shields eyes from glare, while the double-hinged arm allows ample adjustment of the lighting space.
