ANOKA

1240-HB

HUDSON VALLEY LIGHTING

Reminiscent of a cymbal, the Anoka pendant plays with proportionality in its exceptionally shallow profile. A wide, flat opal glossy glass shade fits securely within the reflector, creating a downlight that is amplified by the Heritage Bronze-finished metal. Thoughtful details, including a twisted cord, linked rod suspension, decorative spheres, and subtle edge perforations, enhance the design while preserving its clean-lined character. Anoka is available in a small and large format.
