

# CUBIX™

24Z0003K

A simple geometric cube serves as a building block for the complex overhead compositions of the Cubix™ family. Each fixture features an open metal framework finished in Satin Black. The dramatic geometry of the configurations is amplified by scale, creating a focal point in a large entryway. Available as a surface mount in four sizes and a pendant in four sizes, the Cubix system can be connected in multiples to form limitless combinations filling expansive vertical or horizontal space.
