TROY LIGHTING

The Arnold sconce reimagines a traditional lantern with graphic geometry and mixed metal finishes. The design includes a clean-lined True Bronze frame and EPM encasing to resist fading and corrosion over time. Patina Brass accents create striking focal points, from the candle reflector to the suspension loop. Arnold comes in three sizes, making it suitable for any home size.

Part of Troy Elements, Arnold is crafted from an exclusive EPM material that can handle UV and salt exposure for years to come.
