PAOLO

H634102-AGB-CE

mitzi

Playing with geometry and color, Paolo takes a simple sconce silhouette and makes it special. Opal glass cylinders are capped in aged brass or old bronze then wrapped in a curved metal shade. The contrasting textures of the metal finish and opal glass work wonderfully together casting light both up and down and reflecting beautifully off the metal finish. Paolo is an obvious choice for the bath, but would work well anywhere in the house.
