

TULA

H806101-AGB

This one-light wall sconce plays with geometry, scale, material, and style—the result is a design that feels familiar yet unexpected and a look that is both classic and contemporary. In a unique combination of metal and natural material, a recognizable Aged Brass candlestick sits in front of a disc of white carrara marble that can change position to create a left and right sconce when used in pairs for a symmetrical effect. Tula makes an artistic statement that blends with many interiors.
