

POP LIGHT II

SH128828-BL/JPR-GS

SCHOOLHOUSE

Designed to celebrate the materials of its construction, the Pop Light II is a modern redesign of an iconic flea-market find. Crafted from clear acrylic that folds into a cantilevered steeple joined at the center with a painted socket cup, this ever-optimistic light source is designed to make an impact wherever it rests. A welcome presence on a vanity, in a modern office space, or hung from the wall as a bedside reading light. This dual function light source serves as both a plug-in wall sconce or lamp, and pairs beautifully with both frosted and clear bulbs alike.

FINISHES

BLUE w/ Juniper Gloss
