SCHOOLHOUSE

A playful take on sleek design with all the function you need. Inspired by industrial bent tube furniture, the bench features bent steel tubing that creates a continuous, graphic form that flows from the front legs to the implied arms and back, gently cradling the cushion. Made with FSC-certified teak, it's perfect for your front porch or entryway, ready to hold up to 5 pairs of shoes—or take it outside, where the sturdy design makes it a stylish addition to your patio or front porch.

FINISHES

Shell White Satin
